Uniformed in Serving their Community

On Sunday 22nd of March, members from the Northcote and Broadmeadows Units provided displays at the "Uniformed services in your community" Expo held at the Darebin community sports stadium.

The Expo, a cultural diversity week event, was convened by the MFB in conjunction with the Cities of Darebin and Whittlesea.

The objective was to familiarize the public, and in particular, members of the culturally and linguistically diverse community, with the different uniforms worn by agencies, their roles and to provide an opportunity for recruiting.

The Expo was officially opened by OESC Commissioner Bruce Esplin who also launched the Workers In Uniform Community Guide.

Katrina Bahen, VICSES Director Human Resources, was also in attendance.

Northcote Unit Controller Chris Patton said the event was a success with considerable interest shown in the SES displays.

"It was a valuable opportunity for SES volunteers to engage with people from diverse backgrounds, many of whom had been unaware of the assistance available to them from SES."
